A Visit to Healey Library

We will be meeting on the 4th Floor of Healey Library, Room 15 – The Library's Center for Library Instruction (CLI)

Please be prompt!

We'll learn how to use the Library Resources to help develop your ...

FINAL PAPER

(worth 30% of your grade)

Ultimately you will be writing a paper discussing whether or not your element is a benefit to society.

But to start I want you to write an overview about your element. Pretty much the kind of information you put into your slide, only in paragraph form. This means that you will need to cite your references.

Hand in (or email) one or two coherent paragraphs describing your element.

Due November 2, 2011, before class.
